

### **REMARKS**

In response to the Advisory Action mailed December 14, 2009, which denied the entry of the previously filed amendment, Applicant hereby submits the following amendment and response. Upon entry of this Amendment, claims 1, 11, and 21 have been amended without adding new matter. In the Office Action, the Examiner has rejected claims 1, 11, 21 under 35 U.S.C. § 112, second paragraph, as failing to particularly point out and distinctly claim that which Applicant regards as the invention. This amendment is being filed to address the §112 concerns.

#### **Amendments to the Claims**

Claims 1, 11, and 21 have been amended to provide direct antecedent basis to the term “the third party search engine” within the main body of the claim. In addition, claim 21 has been further amended to address a minor typographical error.

#### **Claim Rejections - 35 U.S.C. §112**

Claims 1, 11, and 21 stand rejected under 35 U.S.C. § 112, second paragraph, as failing to particularly point out and distinctly claim that which Applicant regards as the invention. In particular, the Examiner suggests that the expression “the third party search engines” is without antecedent basis. Applicant notes that an antecedent appearance of the expression in question, “third party search engines,” is found in the claim’s preamble. To move prosecution forward, however, Applicant has amended claims 1, 11, and 21 to recite, within the main body of the claim, “third party search engines” as opposed to “the third party search engines” in the first appearance of this expression. Thus, it is respectfully submitted that the rejection is overcome and should be withdrawn.
